

# Detailed Street Map and Neighborhoods

This map depicts the streets in the city of Omaha and the major neighborhoods. Neighborhoods do not have strict boundaries. The text label has been located approximately in the center of the neighborhood.

Most streets east of 72nd are laid-out in a grid pattern, except for the area around Memorial Park (north of Dodge, between 50th and 72nd streets). Curved streets predominate in the area west of 90th Street. The Regency area, (between 90th and 108th Streets, and Dodge and Pacific), is a prime example of this street design that has been widely used since the 1960s. Major streets in western Omaha still follow a grid pattern, but the minor streets are mostly curved with numerous cul-de-sacs.
