Violent crime involves the use of force and includes both assaults and robberies. This map depicts these crimes for the year 2000 by location. Robberies occur along the major arterial roads where stores are located. The sharpest divide in the city occurs along 50th Street, between Pacific and Blondo. Few of these crimes were committed on the western side of 50th but the occurrence is much higher on the eastern side of this divide. Large parts of western Omaha, especially west of 144th, have no occurrence of assaults or robberies.

Crime Incident
- Assault
- Robbery
